

COMPANY PROFILE

ABOUT US

A Brief Story

The Federation of Public Transport Sector (FPTS) is Kenya's national umbrella body for the public transport industry. Registered under the Societies Act, FPTS brings together PSV associations, transport investors, corporate entities, and key stakeholders with one mission:

To promote excellence, professionalism, safety, and sustainable development in Kenya's public transport sector.

As a non-profit and non-political organization, FPTS unifies diverse players in the public transport ecosystem—matatus, buses, BRT stakeholders, corporate service providers, and emerging mobility actors—into one cohesive national voice championing reforms, innovation, and fair representation.

ONE VOICE, ONE ROUTE, ONE FUTURE.

SLOGAN

Advancing Excellence in Public Transport Sector

MISSION

To promote excellence in Kenya's public transport by providing a structured platform for operators and investors to exchange knowledge, skills, and ideas.

VISION

To be Kenya's leading and most trusted voice in shaping a safe, efficient, technology-driven, and sustainable public transport sector.

CORE VALUES

- Excellence
- Professionalism
- Integrity
- Dynamism

OUR MANDATE

The Federation of Public Transport Sector (FPTS) serves as the unified national voice for public transport operators and investors in Kenya.

The Federation's mandate is to:

- Advocate, lobby, and harmonise public transport policies, laws, and regulations across all modes, and present unified positions to County and National Government.
- Represent and protect the rights, interests, and aspirations of public transport investors and operators on cross-cutting sector issues.
- Work with the Government of Kenya to develop appropriate public transport models for rural, town, city, intercity, and cross-border transport, including BRT, metro buses, commuter rail, city buses, minibuses, and other mass transport systems.
- Support the creation and strengthening of public transport institutions, legal frameworks, and regulatory systems governing road and rail passenger transport.
- Promote professional, smart, equitable, well-planned, and people-centred public transport systems in line with international best practice.
- Promote and oversee continuous capacity building and career development initiatives for public transport operators, investors, and staff.

- Promote a healthy, sustainable funding and investment climate and improved ease of doing business in the public transport sector.
- Advocate for improved public transport infrastructure, traffic management, and purpose-built, efficient, and environmentally friendly rolling stock.
- Promote road safety and risk management in public transport operations in accordance.
- Advocate for adoption and effective use of Intelligent Transport Systems (ITS) and technology-driven solutions in public transport provision.
- Institutionalize collaboration, cooperation, and Public-Private Partnerships (PPPs), including mechanisms for stakeholder engagement, dispute resolution, and public awareness.
- Mobilize resources, promote innovation, and undertake all necessary actions to advance the objectives and sustainable development of the Federation and the public transport sector.

|--|--|

COUNTY CHAPTERS

FPTS has a nationwide structure, enabling representation and coordination across all 47 counties.

The County Representatives are required to work closely with the County transport and safety committees as prescribed in the NTSA Act.

Each county chapter operates under:

- A Chairman
- A Secretary
- A Treasurer

Chapters support grassroots coordination, compliance, capacity building, and membership recruitment.

FUNDING & SUSTAINABILITY

FPTS is funded through:

- Membership, registration and subscriptions
- Training and consultancy services
- Donations, sponsorships, and grants
- Investments
- Conferences and exhibitions
- Fundraising initiatives

Funds are strictly used for sector development, administration, and advancing the Federation's mandate.

STRATEGIC FOCUS AREAS (2024-2030)

- Public transport professionalization
- Public transport paratransit transition and transformations
- To promote smart transport operations.
- Public transport to be compliant with the existing standard laws and regulations
- Supporting BRT and mass transit rollout
- promote equitable and sustainable public transport
- Modernizing governance in Public Transport Management
- Improving the investment climate for public transport entrepreneurs
- Strengthen the voice of operators and investors on cross-cutting issues at the national level.

OUR IMPACT

FPTS has been at the forefront of:

- Sector reforms and policy advocacy
- Representation in national committee discussions
- Harmonization of public transport operator interests
- Supported structured, modernized public transport systems
- Raised professional standards and compliance
- Created a mainstream safety awareness among public transport operators.
- Partnered with the County and national government, development partners, and private sector partners.
